

WHY GO MOBILE?

A contactless future is already here.

For secure authentication, your smartphone's **NFC** capabilities and WAVE ID® readers are the key to a safer, more productive workplace.

MOBILE IS HERE TO STAY

Workplaces everywhere are giving employees the flexibility to use their own smartphones as a critical, user-friendly authentication tool.

88.8
MILLION MOBILE CREDENTIALS WERE DOWNLOADED GLOBALLY IN 2023¹

79%
OF ORGANIZATIONS WILL BE USING MOBILE IDs IN 5 YEARS²

MOBILE IS TRUSTED

Smartphones are ubiquitous, contactless, more secure than other devices, and they keep your credentials right in your hands.

75%
OF U.S. IPHONE OWNERS USE APPLE WALLET³

77%
OF DIGITAL WALLET USERS IN THE PAST YEAR WERE HIGHLY SATISFIED⁴
